TSI Math Prep: Smart, Personalized, Mobile

I'm ready to take the TSI test!

Great! If you are ready to take the test without any further preparation then visit your college's test center site to register for and pay the TSI Assessment fee.

I should probably study some more.

If taking the PAA showed how much you've forgotten and you need to study, then purchase Querium's TSI Math Prep program. It will help you study for the TSI Assessment, and potentially help you score better in order to skip expensive developmental education classes. Check your PAA Completion Certificate for the \$5 off coupon code!

Personalized just for you – Quick *Brain Scans* see what you remember from math class. Then we design a learning path just for you!

Bite-sized lesson videos – Short videos featuring award-winning teachers.

Designed for mobile – Access it from your smartphone so you can practice for the TSI anywhere, anytime. Works on all devices!
